# 16.4 DOT PLOTS AND DATA DISTRIBUTION

*Learning Target: I can summarize and display numeric data.*

- A **statistical question** is a question that has many different or variable, answers.
- A **dot plot** is a visual display in which each piece of data is represented by a dot above a number line. It shows the frequency of each data value.

- **<u>Outliers</u>** are data values that are either much greater or much less than the other data values.
