

## **Pre-K 3 and Pre-K 4**

**November 8, 2022**

On Tuesday November 8<sup>th</sup>, you and your child will work on an activity that supports the current Pre-K unit of study, **Buildings**.

### **Prior to November 8, 2022**

You *may* receive a message from the teacher. This is being done to confirm that all families have access to the Teaching Strategies App, and that all email addresses are still current.

Your child's teacher will digitately send the directions for the activity to you. Please review the materials needed. If there is something you need to complete the project, notify the teacher and the items will be sent home with your child.

### **On November 8, 2022**

You and your child will complete the assigned activity. During the process you should contact the teacher for clarification, show pictures or videos of the work in progress, or simply send a message. Teachers will quickly respond to your message between the hours of 8:45 am – 3:15 pm. Messages sent beyond those hours will be responded to within 24 hours.

**Please note that your communication with the teacher will count as your child being in school on November 8<sup>th</sup>.**

### **Following November 8<sup>th</sup>**

Encourage and prepare your child to discuss the November 8<sup>th</sup> experience in class. If possible, you may even send the final product to school to share in class.
