

NIAGARA FALLS HIGH SCHOOL GRADE 11 English in Real Life (IRL)

The curriculum in grade 11 provides students with opportunities to develop not only critical literacy skills outlined in the [Next Generation English Language Arts Learning Standards Opens in a new browser tab](#), but also proficiency in the "Seven C's" of 21st century competencies: Critical thinking, Communication, Creativity, Collaboration, Compassion, Content Mastery, and Cultural Awareness.

Students in grade 11 will take either English in Real Life, Writing for the Workforce or 11AP.

Differences in the degree of instructional scaffolding, pacing, and workload are what primarily distinguish an AP Level course from the seminar course, but the thematic content and the Next Generation ELA Learning Standards remain the same for all students.

GRADE 11: English-11 courses (both seminar and AP levels) focus on the themes of identity, relationships, and inequality. Students build upon the foundation of grades 9-10, further developing their writing and language use skills in a variety of genres with greater independence and sophistication and with a focus on helping students be college and career ready.

There are no prerequisites for any English courses offered at Niagara Falls High School. However, we encourage students to have discussions with their parents, counselors, and English teachers, to consider their prior academic performance in English classes, and to assess the degree to which they enjoy the study of English Language Arts, prior to enrolling in advanced-level English classes.
